US Department of Justice, Office of Justice Programs
Complaint Verification Information form attachment.

I, Rev. Jason Goodwill, initially contacted you about ADA violations by "R.C.I." that denied disabled people access to Courtyard and shower conditions. In the month since then, much has changed. Grievances, Complaints, and §1983 suits against Sturtevant Transitional Facility and Racine Correctional Institute has resulted in a contract cancellation, staff firings and resignations, and transferring of inmates, particularly elderly and disabled, to R.C.I.

On September 10th of 2021, I, and other elderly and disabled persons, were imprisoned within R.C.I., a non ADA compliant facility. Although I myself was placed into an ADA compliant cell (rebuilt to compliance following prior occupant Mr. Shaw's §1983 suits), others were placed in standard one man cells converted to two man.

Having discussed the issue in months past, SGT. McKraken raised objections that R.C.I. is not ADA compliant, and that I had to be transferred back to STF. On September 11th, I learned that McKraken no longer worked for R.C.I.

RCI, overcrowded, understaffed, has a mess-hall that can only accommodate $\frac{1}{4}$ of the inmates. As such, the Unit is divided into 4 areas, with one area called out at a time. D.A.I. says we have 20 minutes to eat. R.C.I. allows one hour for meal times. $4 \times 20 = 1\text{h}20\text{m}$. The elderly and disabled, especially with dental issues, often get threatened over taking too long to eat. Too, as more elderly and disabled are being rounded up and imprisoned violations are compounding. With a dozen guys in wheelchairs or walkers, only one table has been adapted.

to accomodate the height. Tables barely sit four and have sharp metal frames that scrape and cut legs. I had cuts on both knees when I was forced to eat at a standard table. The sole modified table is on blocks, but was full. Guards have called as many as six wheelchair's to the table, resulting in arguments.

Too, the Units do not have proper showers. Staff, Unit officers, ADA and HSU, all know about the showers. The Units have what they call a handicap stall. It is nothing more than a standard stall with a handrail on the far wall. This may suffice for those whom can walk to an extent, but for wheelchair bound persons, such as myself, the stall will not accomodate a shower chair and wheelchair, and is too thin to turn a wheelchair (to transfer), and has no handrail on the walls, and has no temperature controls (as handicap showers require by law).

I notified Administrative Captain Jones. He told me to "deal with it". I filed a DOC-2530 'Reasonable Modification/Accommodation Request' to RCI's ADA, on 9-11-2021. There is no official response, but I'd later meet a rep at HSU. On September 14th, I file a DOC-3035 'Health Service Request' about the showers. On 9/15, I was called to HSU about developing rashes. An ADA rep and the nurse agreed I was to use HSU's handicap shower. I did, in cold water. The nurse didn't know why there was no hot water. I received a written response, "allow a singular shower". On 9/20, I wrote HSU (whom are working with RCI ADA) about deliberate indifference and ongoing ADA violations. On 9/22, HSU responded by asking me to indicate the shower issues so that "it can be corrected". I responded, repeating the issues. On the 23rd, HSU responded, "will work for a possible move" - in other words, nothing will be corrected.

On the 24th, at 9:30PM, 1½ hours after my night-time meds, HSU summoned me for a shower. It was pouring cold rain outside. RCI has not replaced my aide (sent to the hole on 9/12), so a volunteer had to take me (no pay). Soaked, freezing, I took a cold shower and got back into wet clothes (as it was still raining) and returned. After an hour in cold water, I spent the night shivering and angry.

On the 25th, I filed a DOC-3035B 'Psychological Service Request', reporting the degrading and dehumanizing condition.

On the 28th, P.S.U., Dr. Spotts, responded; "Will be addressed by HSU 9/28/20"; and, "If you have mental health concerns you would like to speak w/ BU about please let me know." I did tell PSD my concerns, and PSD threw it to HSU.

As of this writing, it has been 14 days since I had a shower, and neither HSU or PSD will respond. Too, on the 28th, Maintenance responded to a DOC-761 request to repair HSU's hot water. "Redirected to HSU".

Even were HSU to fix the hot water, it is only a stop-gap. What do they expect once the temperatures drop? Am I to take a shower and go out into freezing weather?, pushed through snow, catch pneumonia. I should note, I suffer autoimmune disorder, so getting sick is easy for me.

Cold showers, less than once per week, especially for wheelchair bound, and known to staff, has a plethora of laws and Court rulings declaring such treatment as inhumane, unhygienic, and unconstitutional.

Additionally, what I perceive as retaliation, on 9-16 HSU scheduled an "Important Appointment" for opticle, as I have vision issues. They did not however notify me until too late. I showed the Unit guard whom gave me the DOC-3175 'HSU Appointment Notice' and agreed it was HSU's fault. The guard called HSU, and HSU said they would reschedule. After 3 weeks, nothing.

On 1/07/2020, the State (of Wisconsin) conceded, to the Court, to domestic terrorist and treasonous acts to deny Due Process, Federally Abduct, obstruct Habeas, BRADY violations, Fraud, False Imprisonment, and other Violations denying Rights, and Records (CCAP, Court, NCIC) tampering and fainting [as retaliation against a R.I.C.O. witness]. Those same terrorists stole my wheelchair. STF/RGI provided me a "temporary" wheelchair, cracked vinyl, no padding, broken brake, mismatched wheels and stirrups, no restraints. Over the months I wrote HSU reminding them I needed a proper wheelchair.

On September 13th of 2021, I filed a DOC-3035, at staff recommendation to remind HSU, as according to staff, HSU had many new wheelchairs.

On September 14th, HSU responded, "Should have some new chairs coming soon." Several guys have received new chairs. Not me.

Because the State conceded to Unlawful Procurement of Jurisdiction, I can in no legal way be considered a Wisconsin resident. I am a Political Prisoner, one whom the federal Court denied Habeas on the grounds I'm not currently incarcerated. Because of that, I do not get State pay like others do and qualify as indigent. The few cents I receive would take me about 6 months to save \$8, the amount for BioTene. My epilepsy, Lupus, and statin meds cause dry mouth. In August, I had a dental examination and was warned I ran a high risk of gum and oral infections due to dry mouth and needed BioTene. I notified HSU. On September 14th, I filed a DOC-3035. On the 15th, HSU wrote that I must purchase BioTene on my own, a deliberate indifference and discrimination against the poor. Another guy whom doesn't want to be named, having rotting teeth, and money, requested BioTene from HSU and received it.

On October 06th of 2021, I filed a DOC-1803 'Request for Separation', in essence an internal restraining order against DAI staff. I was singled out, discriminated against, by a Socialist seditionist anti-American guard and locked in my cell for 3 days without Due Process or Hearing. Unit Manager, Heidt, fully supported the guards criminal acts. ICE could do nothing as proper documentation was not completed by staff.

Today, October 8th, I finally received an official Unit aide. He notified me and that he told Heidt of my being denied showers for two weeks. Heidt informed Chapeau, she would put a fire under HSD if I would go to her and ask. Swallowing my bite and contempt, I went to Heidt, who in turn refused to speak to me about these ADA violations and unconstitutional conditions, unless I agreed to conform to her demands, that would breach the 1803 and denationalize me.

While I don't expect you to address the many crimes, It proves I am being intentionally punished. Further, even if Heidt did get on HSD, the same issue remain, sparse, cold shower's awaiting foul weather.

R.C.I. Inmate Complaint Examiner,

On October 20th of 2021, Unit Manager Heidt wrote a letter to me, cc'ed to you and the Warden, thus opening the door for a direct rebuttle. That letter, meant to obstruct the Complaint process, is fraught with fraud by omission of significant facts. To recap, Heidt wrote:

1.) "I would be happy to address your concerns"

a.) When I brought to Heidt's attention the seditious and treasonous acts by staff (guard Buss), Heidt 'Conspired to Deny Rights' (administrative segregation without Due Process or Hearing, lasting three (3) days) when she supported guard Buss.

b.) When other staff notified Heidt of reported violations, she refused to act.

Heidt's ACTIONS speak louder than her WORDS.

2.) "You have not brought any of them to me."

a.) Heidt refuses to speak to American citizens who refuse to wear masks, a neo Nazi socialist practice. Her demands of socialist, anti Democratic and American, conformity are put ahead of her duty. She refuses to act.

b.) The issues raised do not fall under Heidt's jurisdiction.

1.) ADA violations go to the U.M. (normally), then Program Director, the Deputy Warden. Heidt was not available when I reported violations, ongoing to this day, so Sgt. M'Kraken attempted to address the problems. The Program Director said this is not the sort of problem he addresses.

The Deputy Warden didn't respond. Administrative Captain Jones told me to "deal with it", so I did, first by giving I.C.E. a chance, and then by filing a US DOJ Civil Rights violation.

The Supreme Court has ruled in matters of remedy, when a person responsible for a Step fails to respond after 10 days, remedy is considered exhausted as denied.

2.) Dental issues go to Dental, then Dental Services Supervisor, then Deputy Warden. Dental recommended H.S.U., and H.S.U. did nothing. D.S.S. nor the Deputy Warden responded.

3.) Housing Unit Issues go to the Unit Sergeant or Social Worker, then Unit Manager (typically), then Deputy Warden. Sgt. McKraken for half a year knew RCI does NOT meet ADA compliancy, but was overrode. When reported to Social Worker Nelson, she turned it over to Heidt, whom once again puts socialism before her duty. The Deputy/Warden did not reply. Sgt. McKraken too informed H.S.U. H.S.U. has attempted to temporarily address the issue, only to commit other Rights violations, as reported to the US DOJ.

4.) Mail issues go to Mailroom Officer, then Mail Security Supervisor, then Security Director. Intentional Delay and Tampering of legal mail (to obstruct the US DOJ investigation and retaliate) went ignored at all levels. Too, acting Security Director, Captain Giernoth, obstructed a DOC-1803, on file with the Social Worker.

5.) Medical issues go to HSC, then HSC Manager, then Warden. HSC is in chaos. As a corporate and capitalist enterprise, they would deny \$8 to prevent gum disease in order to profit on \$ hundreds in repairing the damages. The Warden has never responded to me.

6.) Religious issues go to Chaplin, then Program Supervisor, then Deputy Warden. Once again, in matters of staff committing blasphemy and 1st Amendment violations, no one will respond.

7.) Heidt goes on to justify these acts of Nazism, Sedition, Defilection, and Treason by staff, claiming "Wearing a mask is required."

a.) Any body forced to wear a mask against his/her will is a victim of tyrants, oppressors, traitors; Heidt chooses to support neo Nazi socialism, as does guard Buss and those like them who believe American prisoners have no Rights. Those whom trespass, dilute, and outright undermine the very principles of Liberty, Democracy, Americanism, have no place in this republic. The Declaration of Independence, Constitution, Federal laws (that supercede State laws), C.D.C., D.A.I., all refute Heidt's statement.

b.) Upon being informed by myself in person, Sgt. McKraken, and Social Worker Nelson, Heidt's excuses are pathetic, meant to cover-up staff crimes, and protect her own job.

8.) Heidt goes on to suggest I am attempting to decide whom gets paid as an aid. She omits that days before she said if I'll just wear a mask and ask her, she would put my voluntary aide on payroll.

9.) When Nazi terrorism and treason by guards Benwell and Wilson to deny anyone whom didn't wear a mask while eating would be denied meals was reported, those complaints vanished without a trace. Guards Nazis, claim the order came from Heidt and Warden Wells.

Based upon Heidt's letter, it becomes obvious how RCI can save a lot of money. Simply fire the ADA staff, Program Director, Dental staff, HSD staff, Unit Sergeants, Social Workers, Mail staff, Chaplin, Security Director, Deputy/Warden, because according to Heidt, "come and see me... [socialist conditions]... and we will address any & all of your concerns.", as Heidt can do all their jobs and better.

At every step I followed procedural remedy when possible, and beyond. ICE for RCI seems to always have an excuse to deny Complaints. As this matter of staff corruption exceeds the restrictive DOC-400, and DOC-1803 are being obstructed by Nazi supporters, and §1983 suits are costly, and the Handbook has no official procedure for when staff is more criminal than the prisoners, and senior staff obstruct, this has now all been turned over to federal authorities. After all, no remedy exists for tyranny or treason, which leaves criminal prosecution.

Respectfully,
Rev. Goodwill

On September 27th of 2021, I reported guard Buss for serious crimes. Over the next few weeks I would submit a DOC-1803, I.C.E., and other reports. By October 20th, Unit Manager Heidt, Security Director Giernoth, and Warden Wells are under USDOU and D-A-I- investigation's over obstruction. On October 30th, November 02nd, and November 13th, I reported to HSU guard Buss's harrasment of prescription drug tampering; false claim of prescription change, hiding meds, popping meds onto the floor. HSU replied: "discuss concerns with Unit Manager"; that is NOT a proper HSU response.

Racine Correctional Institute, Warden Wells,

This attachment accompanies a DOC-643 form that requires you to properly respond within ten (10) days. In the matter of addressing prison staff violating or exceeding D.A.I. Policies or law, obstructing remedy, and dereliction of duty, the Supreme Court in PORTER (2002) and ROSS (2016) ruled that exhaustion of remedy may not be required [to proceed with federal actions] if one can show the remedies system was not available or that prison officials failed to properly respond.

When DOC/RCI staff are reported for violating statutory law (Wis. Stat. § 227.11 unlawful Rule making by Agencies, and Anti-American sedition), and Rights violations constituting Domestic Terrorism and Treason (far worse crimes than any RCI prisoner has been accused), the acts of retaliation are not acceptable as a response, and further violates DOC 302.08 Treatment of Inmates.

Harrasment by accused staff, tampering/mishandling of prescription medication by accused staff (and DAI 500.11.04 Health Training and handling of drugs by a Sergeant - not guard), obstruction of mail in a US DOJ Investigation, unconstitutional segregation (in violation of DAI 500.70.13 and Article 4§2), as well as a 'Conspiracy to Deny Rights by those Acting Under Color of Law or Authority' constitute a substantive Constitutional Rights violation even if they do not present a Due Process violation. Pursuant to 18 USC §§241-242, a conspiracy to deny Rights carries a Death Sentence. Such is the severity of staff violations.

The RCI (2012) Handbook, page 32, list the three(3) Levels of complaint process. It does not include a process for when staff violate/exceed DAI Policies, and State and Federal laws. Nor does it indicate DOC form 1803, a type of restraining order.

Upon information and belief, I am now aware of other DOC-1803 submissions obstructed by Doc/RCI staff, several against the same violator whom I reported - guard Buss. That obstruction is by Security Office, Cpt. Giernoth.

As RCI has no procedural remedy for Rights violations by staff, I filed a DOC-400 Complaint on September 27th of 2021. That Complaint, in short, reports Buss over fraud, discrimination, anti-American practices, and Rights violations. Too, it reports how Unit Manager Heidt supported those crimes and that according to Heidt, you, Warden Wells, ordered staff to commit and support those crimes.

On September, 30th of 2021, ICE responded, in essence, that they can not act in this matter as Buss failed to file a proper report, thus ending any ICE remedy. Too, ICE claimed I had to await a Hearing and file an Appeal, completely ignoring my point that I never received a Hearing before being unconstitutionally segregated by both Buss and Heidt. That places ICE in collusion with a conspiracy to deny Rights.

On October 04th of 2021, I wrote the Security Office for two DOC-1803 forms, one to submit, the other to carbon copy (as these forms have a tendency to vanish once submitted).

On October 05th of 2021, Security Office responded by providing the two forms and requesting further details.

On October 06th of 2021, I filled out and submitted the DOC-1803 (plus six(6) pages of attachments).

On October 08th of 2021, Cpt. Giernoth, in an unofficial response, notified me that he would not respond to the DOC-1803. No investigation was made.

On October 08th of 2021, following obstruction by Heidt, ICE, and Giernoth, I wrote you, Warden Wells. I received no response from you. A copy of all materials to this point were sent to DAI Admin. Cooper, so as to deny RCI claiming ignorance to this matter.

On or about October 10th of 2021, I spoke with Social Worker Nelson. She in turn spoke to Heidt. Unit Manager Heidt refuses to speak with anyone not wearing a mask, thus being derelict in her duties, placing Neo-Nazi Socialist conformity before reported RCI/Staff violations.

On October 20th of 2021, Unit Manager Heidt, attempting to justify her dereliction and obstruct further ICE Complaints wrote an unofficial letter to ICE, that ICE accepted.

On October 28th of 2021, I too wrote ICE a letter rebuking Heidt. ICE refused to accept my letter, proving bias and lack of 3rd party objectiveness.

This criminal conspiracy by staff permitted Buss to continue working on this Unit and allowed him to retaliate against me, thus RCI/DOC is guilty of violating D.A.I. 500.10.33 Inmate Safety.

On October 30th, November 02nd, and November 13th of 2021, I submitted DOC-3035 HSU forms reporting Buss over mishandling prescription anti-seizure medication; saying my prescription was changed, hiding pill packs, popping pills onto the floor. Too, I submitted DOC-643 and 761 forms, reporting Buss as a Medical Concern to my safety. Do you have any idea the lawsuit RCI could face if I have a seizure due to Buss mishandling my epilepsy medication, especially when staff is being deliberately indifferent?

Step #1, HSU, responded by telling me to complain to Heidt. The Unit Manager is not a process of reporting a Medical Concern (per page 32 of the Handbook) and Heidt is protecting Buss.

Step #2, HSU Manager (Vasquez), was notified and in essence said, it's not our problem, a DAI 500.11.04 Health Training violation. Or, did they?

I wrote directly to HSU M. Vasquez, but it is an HSU S. Mc ??? (name not readable) whom responded. Vasquez has previously been made aware of fraudulent obstruction of documents intercepted and replied to by others.

Step #3 is... you, the Warden. Thus, you are being given the one last chance to uphold Justice. The DOC-1803 against Buss is to be filed, properly investigated, compared to other submitted Complaints against Buss, and properly addressed. Further, those responsible for obstruction are to be replaced by law abiding pro-American staff. Further, as staff has already implied being moved over this matter, I remind you, transfers in retaliation over exercising Constitutional Rights is a federal crime. You are to deal with the violating staff.

I am requesting a written response from you and a statement as to your actions to resolve these violations by staff. Failure to do so will result in Federal actions, both Criminal and Civil, against RCI/DOC.

In addition, after reviewing Records and current laws, I find that RCI, in violation of DAI Policy based upon Wis. Stat. §973.05 (4)(b), is embezzling monies by collecting 50%+ when Law says the absolute maximum is 25%. I've no doubt the I.R.S. would love to audit RCI's records. By my math, one year of \$4 every two weeks, plus three \$20 deposits and one \$44 deposit, at 50%, is \$104.

Refund the monies and address Business Office.

Respectfully,
Rev. Goodwill
